

REMARKS

On November 7, 2006, Examiner Nguyen contacted the undersigned regarding the Amendments and Remarks made in the RCE submission of October 2, 2006. In particular, certain Amendments to the Specification and Claims were not distinguished by underlined additions and crossed-out deletions. The undersigned identified the anomaly to be a result of the intermixing of word processor redline/change tracking features and hard-coded underline and strike-out notation. Applicant is grateful to Examiner Nguyen for identifying this anomaly, and submits this Response, as it appears in the electronic original of the October 2 filing. In this Response, the Amendments to the Specification and Amendments to the Claims are shown in the original "mark-up" form. All insertions are shown underlined and all deletions are shown in strike-through.

If there are any questions regarding any aspect of the application, please call the undersigned at (949) 752-7040.

Certificate of Transmission

I hereby certify that this correspondence is being sent via First Class Mail to the Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on the date stated below.
